

It is a delight to tell about KLS Google institute of technology for providing us the best platform to enhance our career interest. The entire faculty and department has supported all the time. Huge respect, love for entire faculty members for providing number of opportunities to make up our career. And i am also thankful for the entire placement cell that helped us in bagging great companies, thus giving us a kickstart to our career. This college has inspired me to become a better version of myself. It is my immense luck and fortune to be the part of this institute.
